Describe the improvement to be done (Pole Move, Grain Drying Increase Amp Service, etc.): _____

The Cooperative will construct, own and maintain all electrical equipment up to the meter location in accordance with the following requirements:

1. **Applicable Charges:** A charge may be required due to distance, significant investment and risk the Cooperative makes for line extensions. The line extension charge shall be paid by the Member prior to the start of construction.
2. **Right-of-way Clearance:** The Member shall provide and pay the cost for the initial right-of-way clearing for the line extension done in accordance with the Cooperative's specifications.
3. **Construction:** Construction shall be scheduled after the following is completed:
 - A. All necessary payments and documents have been received by the Cooperative.
 - B. Right-of-way clearing completed and accepted by the Cooperative.
 - C. Wiring affidavit received by the Cooperative.
4. **Ownership:** It is understood and agreed between the parties hereto and expressly granted by the Member that the title and ownership in and to all material and equipment up to and ending at the Member's end of the service extension shall be and is the exclusive property of the Cooperative free from any claim or charge of any nature whatsoever and the Member hereby grants and conveys unto the Cooperative, its successors or assigns, all reasonable and necessary right-of-ways, permits and easements for construction and maintenance of Cooperative property on the real estate of the member.

By signing this agreement, the Member accepts its provisions. Signatures of the Member should include both husband and wife for a joint account, all partners in a partnership and majority of officers in a corporation. All partners or officers of Member agree to be individually responsible for this agreement.
